PROGRESS BOOSTING TIPS

YOUR TRANSFORMATION BEGINS NOW!

Sponsored by: bpi SPORTS

Video Trainer Available at: www.muscleandfitness.com/60days
60 Days to Fit is a program designed to help you build muscle and gain strength through a complete 5 cycle training curriculum, nutrition plan, and bonus tips to help boost your progress. This program is everything you need to get you the results you are looking for in just 60 days time. So, what are you waiting for?

Refocus your mentality going into the program.

- Remind yourself why you are starting this.
- Ask yourself: How badly do you want to see results?
- Learn to embrace the burn. When you feel you can't push yourself any further, dig deep!

Add supplements to your training and nutrition.
(Not required for success in this program but can accelerate results.)

- **BCAAs**: Aid in recovery and building lean muscle.
- **Protein**: Convenient option for supplementing your diet. Body can use the whey protein nutrients faster than whole food options. Ideal for post-workout nutrition.
- **Creatine**: Taking pre or post workout can help you gain strength and size.
- **Glutamine**: Another great option for muscle recovery if your budget allows but also found naturally in foods like chicken, fish, eggs, and dairy.
- **Pre-Workout**: A performance booster when you're feeling tired or unmotivated. This supplement is designed to give you energy, focus, and endurance.

**PLEASE NOTE**: All readers are advised to consult their physician before beginning any exercise and nutrition program. BPI and the contributors do not accept any responsibility for injury sustained as a result of following the advice or suggestions contained within the content of this program.

#### HEAVY DAY:
- Superset with:
  - LEGS: Leg Extension, Leg Press
  - CHEST / TRICEPS: Incline French Press
EXAMPLE MEAL PLAN

Results not only come from a consistent training regimen but also a consistently balanced diet. In 60 Days to Fit, there's no counting calories or quick fixes. You are getting a solid, manageable plan rich in the macro-nutrients (proteins, fats, and carbohydrates) that your body needs to maximize muscle gains and minimize fat storage.

<table>
<thead>
<tr>
<th>MEAL</th>
<th>Time</th>
<th>4 Whole Eggs</th>
<th>1/2 Cup Oatmeal</th>
<th>1 Cup Blueberries</th>

</tr>
</tbody>
</table>

**Nutrition Tip:**
The amount of water you intake each day is just as important as the weights you are lifting and the food you are consuming. Stay hydrated with no less than half a gallon to a full gallon of water per day to boost digestion, maintain fluids within the body, and stay energized.

**Meat Replacements**
- Lean Steak
- Lean Pork
- Fish
- Turkey
- Bison

**Vegetables Replacements**
- Asparagus
- Green beans
- Spinach
- Cauliflower
- Eggplant
- Romain Salad

**Carb Replacements**
- Ezekiel bread
- Whole-wheat bread
- Pita bread
- Quinoa
- Sweet Potato
- Whole Wheat Pasta
SHOPPING LIST

To ensure you are set up for success in this program, we've provided a grocery list giving you specifics on what you should buy to help fuel your body, gain muscle, and stay on track. Additionally, the supplements recommended to accelerate your results are also itemized right here for you. No excuses, just results!

FOOD LIST

Proteins
- Boneless, Skinless Chicken Breast
- Tuna (water packed)
- Fish (salmon, seabass, halibut)
- Shrimp
- Extra Lean Ground Beef
- Protein Powder
